ABOUT ME

MEARN Stack Developer based in Kannur,Kerala. Curious to learn more about developing scalable distributed systems, loves problem solving and cares about writing readable as well as maintainable code

EXPERIENCE

Web Developer   Aug 2023 - Present
Louna Studios - Dubai, UAE

As a web developer at Louna Studios, my responsibilities included creating React applications for web platforms. I worked on developing and implementing various features and functionalities to enhance user experience and meet project requirements. This role involved collaborating with the development team, following best practices, and ensuring the quality and performance of the web applications.

Fullstack Development Intern   Sep 2018 - Aug 2022
Luminar Technolab - Kochi, Kerala

Production Engineer   Sep 2022 - Oct 2022
Sharda Motors - Chennai, India

As a production engineer at Sharda Motors, a company specializing in the manufacturing of silencers for Hyundai and Kia vehicles, my responsibilities included overseeing the production process, ensuring efficient operations, implementing quality control measures, coordinating with the production team, monitoring production schedules, and optimizing manufacturing processes to meet the required standards and customer specifications.

Tutor   Sep 2018 - Aug 2022
Annoura Islamic School - kannur, India

ADDITIONAL QUALIFICATIONS

MEARN Stack Intern   Dec 2022 - May 2023
Luminar TechnoLab | Kochi

I gained valuable full-stack web development experience as a MEAN Stack Intern at Luminar Technolab, working on designing, developing, testing, and deploying web applications using MongoDB, Express.js, Angular, and Node.js.

Revit MEP and AutoCad   Dec 2020 - March 2021
CADD Center | Payyanur

I completed a Revit MEP course from CADD Center, where I gained hands-on experience in creating MEP systems and construction documentation using Revit MEP software.

SOFT SKILLS

- Problem Solving
- Time Management
- Organising
- Creativity
- Adaptability
- Excellent Written and Verbal Communication
